

# MOTESCO & TESCO

Regional Technical Partner for Lifting & Access Solutions

***Established 1977 | UAE & Saudi Arabia***

# Who We Are

- MOTESCO & TESCO are leading regional providers of lifting and access equipment solutions.
- With decades of experience, we support construction and infrastructure projects across the UAE and Saudi Arabia.
- We deliver reliable equipment, engineering expertise, and technical support tailored to project needs.

# Regional Presence

- Strong operational presence across the United Arab Emirates and Saudi Arabia.
- Headquartered in Abu Dhabi with strategic coverage of major construction markets.
- Supporting projects through local teams, workshops, and technical resources.

# What We Do

- Supply and rental of tower cranes and lifting equipment.
- Passenger hoists, suspended platforms, and access solutions.
- Preventive maintenance, repairs, and technical support.
- Engineering, planning, and project-specific lifting solutions.
- Equipment installation, dismantling, and relocation services.

# Equipment & Solutions

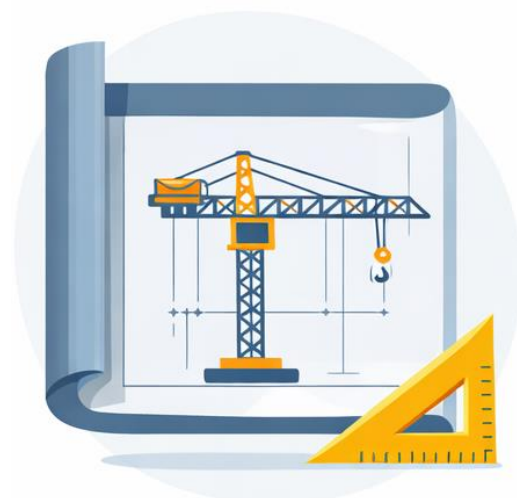

- Tower cranes for residential, commercial, and infrastructure projects.
- Passenger hoists and material handling solutions.
- Suspended platforms and access systems.
- Placing booms and specialized lifting equipment.
- Supporting accessories and safety components.

# Engineering Support

- Crane layout studies and optimal equipment selection.
- Foundation, anchorage, and tie-in design support.
- Lifting plans and climbing sequence planning.
- Compliance-ready technical drawings and documentation.
- Engineering solutions tailored to site conditions and project scope.

# Maintenance & Safety

- Preventive and corrective maintenance programs for all equipment.
- On-site technical support and fast response to breakdowns.
- Routine inspections in line with local regulations and standards.
- Safety-focused practices to ensure reliable and compliant operations.

# Our Fleet Capability

- Operating a **large and diversified fleet** of lifting and access equipment.
- Equipment suitable for small, medium, and large-scale construction projects.
- Flexible fleet availability supporting multiple sites simultaneously.
- Reliable equipment maintained to ensure high performance and safety.

# Brands We Work With

- Partnering with internationally recognized manufacturers and suppliers.
- Providing reliable equipment backed by trusted global brands.
- Ensuring quality, performance, and compliance across all supplied equipment.
